Contents

Number 1

W. Johnson, N. Jones and S. R. Reid	1	Editorial
G. Sundararajan and P. G. Shewmon	3	The oblique impact of a hard ball against ductile, semi-infinite target materials—experiment and analysis
T. Hata	23	A dynamic elasto/viscoplastic solution for a thick-walled spherical container subjected to impulsive loading
E. Nordlund	35	Slip and energy dissipation in cylindrical friction joints loaded by impact-induced waves
Z. Rosenberg, S. J. Bless and J. P. Gallagher	51	A model for hydrodynamic ram failure based on fracture mechanics analysis
A. A. Hegazy and T. Z. Blazynski	63	Energy and deformation in implosive compression of axisymmetrical metal cylinders
Announcements	73	SMIRT-9 Post-Conference No. 14, Impact. Ecole Polytechnique Fédérale de Lausanne, Switzerland, 26–27 August 1987
	74	International Symposium on Structural Failure. Massachusetts Institute of Technology, Cambridge, Massachusetts, U.S.A., 6–8 June 1988
	75	International DYMAT '88. Second International Conference on Mechanical and Physical Behaviour of Materials Under Dynamic Loading. Ajaccio, Corsica, France, 19–23 September 1988

Number 2

C. Ruiz, F. Salvatorelli and F. Paris	77	Photoelastic determination of dynamic stress intensity factors in portal frames
Ü. Lepik and T. Lepikult	87	Automated calculation and optimal design of rigid–plastic beams under dynamic loading
B. Lindberg and J. B. Pedersen	101	Plastic deformation of impact loaded frames
S. R. Reid and X. G. Gui	109	On the elastic–plastic deformation of cantilever beams subjected to tip impact
R. L. Woodward	129	A structural model for thin plate perforation by normal impact of blunt projectiles

Announcements

141 International Symposium on Structural Failure. Massachusetts Institute of Technology, Cambridge, Massachusetts, U.S.A., 6–8 June 1988

143 International Conference on Structures Under Shock and Impact. Boston, Massachusetts, U.S.A., 13–15 June 1989

Number 3

V. Birman and C. W. Bert 145 Behaviour of laminated plates subjected to conventional blast

R. Beccu and B. Lundberg 157 Transmission and dissipation of stress wave energy at a percussive drill rod joint

W. Johnson 175 The siege of Gibraltar: mostly relating to the shooting of hot shot and setting fire to a besieging fleet

D. Walton, C. J. Hooke and M. A. Hajihosseinloo 211 The performance of fighting vehicle hydraulic gun buffers

N. Jones and T. Wierzbicki 225 Dynamic plastic failure of a free-free beam

Announcement 241 International Symposium on Structural Failure. Massachusetts Institute of Technology, Cambridge, Massachusetts, U.S.A., 6–8 June 1988

Number 4

W. Johnson 245 The Editor-in-Chief's Valediction

S. P. Virostek, J. Dual and W. Goldsmith 247 Direct force measurement in normal and oblique impact of plates by projectiles

W. R. Seebaugh 271 Dynamics of lip formation for explosion craters

A. Kumar 285 Dynamic plastic response of circular plates in a damping medium

V. K. Luk and M. J. Forrestal 291 Penetration into semi-infinite reinforced-concrete targets with spherical and ogival nose projectiles

J. Liu and N. Jones 303 Experimental investigation of clamped beams struck transversely by a mass

Announcement 337 COMP '88: Phase Interaction in Composite Materials. The University of Patras, Greece, 22–27 August 1988
